<b>APPENDICES.....</b>	<b>12</b>

## Executive Summary

§19.2-349 Code of Virginia requires that all Clerks of Courts collect on any fines or fees assessed within their court. If payment or a payment arrangement has not been made in thirty days, the account becomes delinquent. Ten days are allowed for the appeals process, after which the delinquent account becomes the responsibility of the Commonwealth's Attorney. The Commonwealth's Attorney or the collection agent chosen by the Commonwealth's Attorney is then responsible for the collection of the delinquent account.

The 1994 General Assembly session adopted legislation directing the Compensation Board and the Department of Taxation to report to the Governor and the General Assembly the total of fines, costs, forfeitures and penalties assessed, collected, and unpaid and those which remain unsatisfied or do not meet the conditions of §19.2-354 by each circuit and district court. Pursuant to §19.2-349.C, the report shall include procedures established by the Department of Taxation and the Compensation Board pursuant to this section and a plan for increasing the collection of unpaid fines, costs, forfeitures and penalties.

The purpose of this document is to report collection efforts in the Commonwealth by the Clerks of Courts and the Commonwealth's Attorneys. This report does not compare collection methods chosen by Commonwealth's Attorneys or draw conclusions as to the effectiveness of any Clerk or Commonwealth's Attorney. The format in which the data is collected does not allow for meaningful comparisons to be made between collection methods or individual offices. Data collection issues are discussed on page 7.

The following report represents collection efforts for each Clerk of the Courts; Circuit, District, Juvenile and Domestic, and Combined; and Commonwealth's Attorney for fiscal year 2003. Based on information compiled by the Supreme Court through the Financial Management System, Clerks of the Courts have collected \$255,986,405 in fines, costs and interest in fiscal year 2003 of the \$377,717,346 in fines assessed, for an average statewide collection rate of 67.77%. Based on information provided to the Compensation Board by the Commonwealth's Attorneys, Commonwealth's Attorneys have collected \$42,961,117 in gross collections and \$34,193,718 in net collections against **delinquent** assessments of \$82,930,849 for a collection rate of 51.80%. The percent of collections for fiscal year 2003 increased by 1.77% from the prior fiscal year for Court Clerks and increased by .33% for Commonwealth's Attorneys. The following graphs have been included to show the comparison of Fiscal Years 2000, 2001, 2002, and 2003 data.

The Compensation Board, in conjunction with the Department of Taxation and the Auditor of Public Accounts, have developed recommendations to increase collection efforts for both Commonwealth's Attorneys and Clerks of the Circuit Court. Collection efforts by locality and by Officer are shown in Section 1.

## Background

The compilation of information for the fines and fees report began in August, 1995 with the receipt of collection rates from the Supreme Court (Appendix 4), for all Court Clerks in the Commonwealth. The Compensation Board previously met with representatives of the Virginia Association of Commonwealth's Attorneys, Supreme Court, Department of Taxation and a private collection agency to determine a reporting mechanism, which would accurately reflect the collection efforts of Commonwealth's Attorneys. The task force developed a fines and fees reporting form (Appendix 1), which was approved by the Compensation Board, and is sent to all Commonwealth's Attorneys each year requesting the current fiscal year collection data.

## Collection Activity

Section 1 details collection activities for each locality. Fines and costs assessed, dollars collected and collection percentage have been shown for each locality and for each office. The fines and costs assessed amounts were acquired through the Supreme Court for the Clerks and through the fines and fees form for the Commonwealth's Attorneys. The net assessed dollars for the Commonwealth's Attorneys is the total assessed for the fiscal year less any accounts that were manually removed by the Clerk of Court and any accounts that were reported paid by Tax set-off. The dollar collected figures were also acquired from the Supreme Court for the Clerks and the fines and fees form for the Commonwealth's Attorneys. The collection percentage was acquired from both forms but was also calculated by the Compensation Board by taking the fines and costs collected divided by the assessed dollars reported. Gross and net collections are calculated for Commonwealth's Attorneys as reported on the fines and fees form. The net collections represent the dollar amount collected after their collection fee was applied. The percentage collected is based on gross collections. The collection method that the Commonwealth's Attorney chose is also shown.

## Data Collection Issues

The data included in this report for individual courts and Commonwealth's Attorneys offices should not be used to determine the relative effectiveness, or ineffectiveness of individual collection efforts because the manner in which the data is collected does not allow for a meaningful comparison to be made between offices or collection methods. Data collection and reporting issues include prior and current year collections, gross amount assessments variances and changes in collection methods.

- Prior and current year collections

Prior and current year assessments, and prior year and current year collections are co-mingled. The primary data system used for reporting, the Supreme Court's Financial Management System currently compares total assessed dollars to collected dollars. This report does not examine individual accounts to match assessed with collected but instead focus on court wide activity. The Financial Management System was designed as an accounting system, not a collections system. Consequently, we cannot determine if the collection was made on a current or prior year assessment.

- Gross amount assessment variances

The gross amount assessed for the Commonwealth's Attorneys represents the delinquencies that have been forwarded to their office from the Clerks office. In some cases, the amount of delinquencies in the Clerks office does not match the amount assessed in the Commonwealth's Attorneys office; for example, in a General District Court, those differences may be attributed to timing errors in the reporting such as using assessment information for June 1, 2002 to May 31, 2003 to represent fiscal year 2003 data. Accounts that were delinquent in June would not be collected until July; these accounts would be reported on the Commonwealth's Attorneys fines and fees report but not be assessed in the Clerks data from the financial management system. The Compensation Board specifically requested assessment and collection figures for the time period July 1, 2002 through June 30, 2003.

- Current year assessments

Some collection percentages show over 100% collection rate. For example, the collection percentage for the Commonwealth's Attorney office as listed below, in the Circuit Court.

<u>COURT</u>	<u>ASSESSED</u>	<u>COLLECTED</u>	<u>PERCENT</u>	<u>ASSESSED</u>	<u>COLLECTED</u>	<u>PERCENT</u>
CIRCUIT	\$ 296,335	\$ 107,097	63.14%	\$47,988	\$53,481	111.45%
GENERAL DISTRICT	\$685,644	\$ 489,340	71.37%	\$174,817	\$126,345	72.27%
JUVENILE	\$ 56,941	\$ 34,587	60.74%	\$ 17,188	\$8,674	50.46%

This occurs when collections have been reported for the previous year. For example, if the clerk has not forwarded delinquent accounts in fiscal year 2003 but had forwarded delinquent accounts in fiscal year 2002 and those accounts are still being collected on, the amount assessed could be zero and a collection amount that is positive. The Compensation Board had requested assessed figures for the time period July 1, 2002 through June 30, 2003. The following report includes collections on delinquent accounts for preceding years. The Supreme Court's Financial Management System does not provide data for Compensation Board use, which would track the age of the account on which a payment is made.

- Changes in collection methods

There are certain Commonwealth's Attorneys offices that may have changed collection methods within the last fiscal year. Due to the nature of the report, the Compensation Board may combine the two collection methods figures to determine one collection percentage. It is noted, however, that there were two collection methods during that fiscal year. It should also be noted that the Compensation Board reported collection figures under the same collection method for the Commonwealth's Attorney for all courts. In reality, the Clerk of each Court may have a different collection method than that of the Commonwealth's Attorney. This information is not available to the Compensation Board because, per law, the Commonwealth's Attorney chooses the collection method, not the-Circuit Court Clerk.

### Action taken to Increase the Collection of Unpaid Fines, Costs, Forfeitures and Penalties

- The Compensation Board again requested with FY 2003 data submissions that all Commonwealth's Attorneys review and resubmit a signed policy statement regarding the collection of fines and fees.
- The Compensation Board has included a comparison of prior year collection activities for Commonwealth's Attorneys and Clerks offices in the fiscal year 2003 report
- The Compensation Board sought input and recommendations from collection agents in September 2002.
- The Compensation Board asked the Virginia Commonwealth's Attorney's Association and Virginia Court Clerks' Association to add a topic to their agenda at New Officer's Training in December, 2003 specifically addressing Commonwealth's Attorney's responsibilities in collecting court ordered delinquent fines and fees.

### Recommendations to Increase the Collection of Unpaid Fees, Costs, Forfeitures and Penalties

- The Compensation Board will place the Fiscal Year 2003 Fines and Fees report on the Compensation Board website.
- Private sector collection agents have recommended actions to increase collections:
  1. Provide training to Clerks to request fines due the court while the individual is still in his/her presence and inform the individuals of the consequences of not paying the delinquent fines, e.g. driver's licenses will be suspended.
  2. Establish a return date for the debtor if fines/fees are not paid.
  3. Tighten discretionary rules on the driver's license reinstatement program.
  4. Change the traffic summons form to provide a place for the arresting officer to request the individual's employer and/or work telephone number.
  5. Levy on jail/ D.O.C. canteen accounts.
  6. Change Code of Virginia Section, 60-2.114 to allow private collection agents the same access to VEC data. (After review, it appears that this recommendation may be contrary to Federal Law.)
- The Compensation Board asked the VA State Police and Supreme Court of VA for input regarding the feasibility of modifying the Uniform Traffic Summons to include the violators work name and phone number. The Supreme Court of VA and the VA State Police expressed serious reservations regarding the change; the Compensation Board took no action.
- The 2000 General Assembly passed legislation, which allows collection agents collecting court ordered fines for Commonwealth's Attorneys to use lien authority under section 58.1-1804. The legislation provided for a pilot project with collection agents being chosen by the Department of Taxation and the results of this project are provided on the following page for Floyd, Lynchburg, Norfolk, and Richmond City.

The pilot program authorizing the use of third party liens by Commonwealth's Attorneys and their contracted attorneys or collection agents for the collection of unpaid court fines and fees ended August 31, 2003. The table below provides the results of each of the eleven participating localities. With the increase in participation, the Compensation Board will look at modifying the "Report to the Compensation Board on the Collection of Fines and Fees" form for the report that encompasses FY04.

<b>Locality</b>	<b>Number Liens Mailed</b>	<b>Amount Collected</b>
Floyd County	1	\$10,717.56
Gloucester County	0	0
Henrico County	1973	\$17,1470.92
Montgomery County	0	0
New Kent County	0	0
Norfolk City	950	\$48,965.41
Portsmouth City	0	0
Richmond City	5	\$38.66
Roanoke City	272	\$36,210.84
Virginia Beach City	787	\$176,592.00
York County	0	0
<b>Total</b>	<b>3988</b>	<b>\$443,995.39</b>
