Compensation Board Mental Illness in Jails Report (2009)

Authority:

Virginia Acts of Assembly, 2009 Session, Chapter 781
§53.1-83.1, §53.1-84 and §53.1-85, Code of Virginia

Item 70, Paragraph L. "The Compensation Board shall provide an annual report on the number and diagnoses of inmates with mental illnesses in local and regional jails, the treatment services provided, and expenditures on jail mental health programs. The report shall be prepared in cooperation with the Virginia Sheriff's Association, the Virginia Association of Regional Jails, the Virginia Association of Community Services Boards, and the Department of Mental Health, Mental Retardation and Substance Abuse Services, and shall be coordinated with the data submissions required for the annual jail cost report. Copies of this report shall be provided by October 1, 2008, and by November 1 each year thereafter to the Governor and the Chairman of the Senate Finance and House Appropriations Committees."

Executive Summary:

A survey of mental illness in Virginia jails was developed by the Department of Behavioral Health & Development Services (DBHDS) and staff of the Senate Finance Committee and Compensation Board. The Compensation Board posted the mental health survey on its website in August 2009 for completion by Compensation Board funded local and regional jails. With the support of the Virginia Sheriffs' Association and the Virginia Association of Regional Jails, the Compensation Board received completed surveys from 64 out of 67 local and regional jails. No data was received from Fauquier County Jail, Page County Jail, or the Danville City Jail Farm. The goal of the survey was to provide information to the Virginia General Assembly, the Compensation Board and the DBHDS regarding jail resource needs for appropriately managing inmates with mental illness. Survey questions directed jail personnel to report data as reflected for the month of July 2009, or for FY2009. The data provided in this report is reflective only of local and state responsible inmates housed in local and regional jails and does not include federal inmates or contract inmates from other states. The data in this report is as reported to the Compensation Board by the local and regional jails in their 2009 mental health survey.

Population & Demographics in Jails

The Compensation Board provided a mental illness survey for completion by all local and regional jails requesting statistical information for the month of July, 2009, such as screening and assessment, diagnoses, housing, and most serious offense type of mentally ill inmates. The survey also collects information regarding inmates' access to mental health programs and assistance in the facility, including medication and treatment. In addition, the survey is used to determine the providers of screening/assessment and treatment in each facility, whether they are private mental health professionals, Community Service Board (CSB) staff, or jail staff. The mental health survey also collects information on the jails' method of housing data regarding the mentally ill population and the amount of mental health and/or Crisis Intervention Training provided to the jail staff, if any. Lastly, jails are asked to provide the fiscal year cost of all mental health services and medications.

64 out of 67 local and regional jails responded to the mental health survey. Those jails from which no response was received were: Fauquier County Jail, Page County Jail, and Danville City Jail Farm.

Based upon LIDS data for the month of July 2009 there was an Average Daily Population (ADP) of **7,690** State Responsible (SR) and **18,575** Local Responsible (LR) inmates confined in local and regional jails in the Commonwealth of Virginia, not including the 3 jails from which no response was received. A Local Responsible Inmate (LR) is any person arrested on a state warrant and incarcerated in a local correctional facility prior to trial, any person convicted of a misdemeanor offense and sentenced to a term in a local correctional facility, or any person convicted of a felony offense and given an effective sentence of (i) twelve months or less or (ii) less than one year. A State Responsible Inmate (SR) is any person convicted of one or more felony offenses and (a) the sum of consecutive effective sentences for felonies, committed on or after January 1, 1995, is (i) more than twelve months or (ii) one year or more, or (b) the sum of consecutive effective sentences for felonies, committed before January 1, 1995, is more than two years. Information provided in this report does not include inmates held for any federal or out-of-state authority.

Of these **26,265** inmates **43.75%** were Pre-Trial and **56.24%** were Post-Conviction. Pre-trial refers to inmates against whom criminal charges have been brought, held in a local or regional jail awaiting trial. Post-Conviction refers to inmates who have been found guilty of one or more criminal charges and are serving their sentence in the jail or awaiting transfer to a Department of Corrections (DOC) correctional facility.

Of these **26,265** inmates, **12.58%** were Female and **87.42%** were Male. Of the Female ADP (**3,304**), **35.05%** were mentally ill, and **13.59%** of the Male ADP (**22,961**) were mentally ill. Mentally ill is defined as inmates who have been diagnosed with schizophrenia or a delusional disorder, bi-polar or major depressive, mild depression, an anxiety disorder, any other mental illness as set out by the Diagnostic & Statistical Manual of Mental Disorders (DSM-IV-TR), published by the American Psychiatric Association, or those inmates who are suspected of being mentally ill but have received no formal diagnosis. There were a total of **4,278** inmates known to be mentally ill, **27.07%** were Female and **72.93%** were Male.

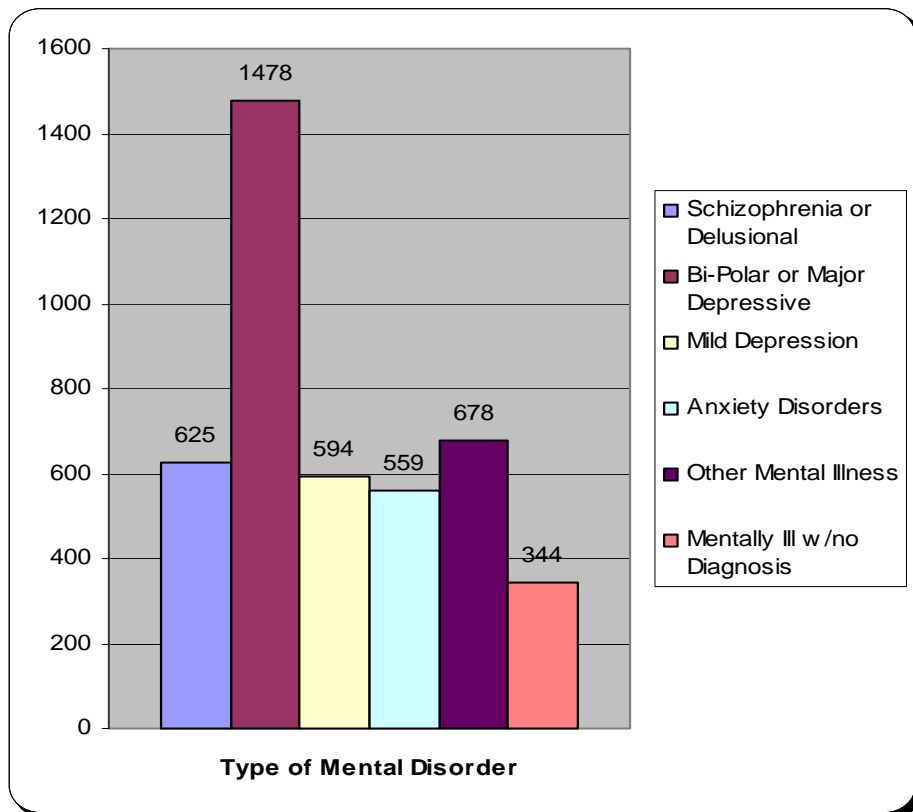

Mental Illness Statistics

Jails were asked to indicate the number of inmates with mental illness in each category, as shown in Figure 1. Out of the **64** jails who submitted surveys, **4** jails failed to answer the questions which referred to inmate diagnoses, therefore the following data is gleaned from the **60** jails who responded to this question. All numbers reflected in Figure 1 are from an ADP of **23,361**.

While an inmate may have multiple diagnoses each inmate is counted only once, in the category of the most serious illness for which they have been diagnosed. Figure 1 reflects the number of inmates housed in July, 2009 diagnosed with mental illness and the type of disorder.

In addition, **49.16%** of the mentally ill population and **9%** of the general population of jails who provided data on the number and diagnoses of inmates with mental illness, have been diagnosed as having a serious mental illness. Serious mental illness is defined as a diagnosis of schizophrenia/delusional, bi-polar, or major depressive disorder.

Figure 1: Number & Diagnoses of Inmates with Mental Illness

Note: Fairfax County Jail, Piedmont Regional Jail, Prince William/Manassas Regional Jail and Pamunkey Regional Jail did not submit data regarding mental illness diagnoses.

Figure 2 shows the percentage and number that each mental illness represents in both the Female and Male populations.

Figure 2: Percentage & Number of M/F Population Diagnoses

	Schizo/ Delusional	Bi- Polar/Major Depressive	Mild Depression	Anxiety Disorders	Other Mental Illness	Mentally Ill w/no Diag
Female	3.96%	14.47%	4.96%	5.02%	4.45%	2.18%
Male	2.15%	4.36%	1.87%	1.71%	2.31%	1.18%
Female	131	478	164	166	147	72
Male	494	1000	430	393	531	272

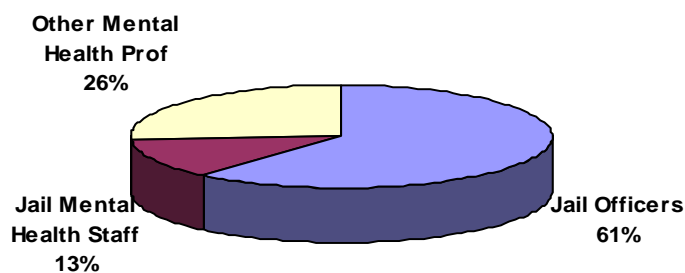

- In addition, there were **180** inmates diagnosed as mentally retarded.
- **16.29%** of the local and regional jail inmate population was known to be mentally ill (not including those inmates diagnosed as mentally retarded).

Screenings & Assessments

Data in this section is as reported for July, 2009.

52 out of **64**, or **81.25%** of all reporting jails conduct a mental health screening for all inmates upon admission to the jail. The type of individual conducting mental health screenings, as well as the screening measure itself, may differ between facilities.

Figure 3: Provider of jail mental health screenings.

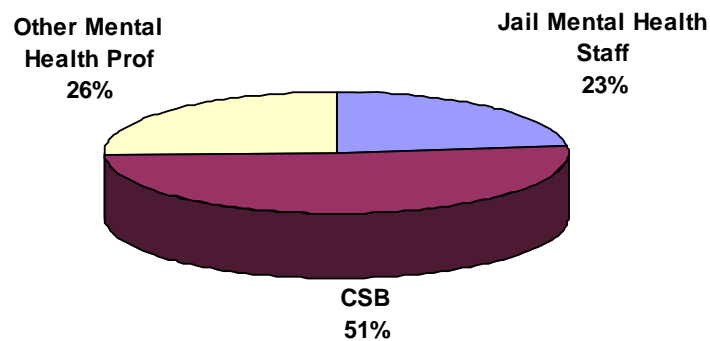

Comprehensive mental health assessments of inmates are also conducted, as follows:

- **35 jails, or 54.69%**, conduct assessments on all inmates who receive a positive screening for mental illness.
- **22 jails, or 34.38%**, conduct assessments only on inmates with acute symptoms of mental illness.
- **6 jails, or 9.38%**, do not conduct assessments at all.
- **1 jail failed to provide an answer to this question.**

As with initial screenings, the type of individual conducting comprehensive mental health assessments, as well as the type of assessment, may differ between facilities.

Figure 4: Provider of jail comprehensive mental health assessment.

Housing

Data in this section is as reflected in July 2009.

There is not currently a state funded Mental Health Residential Treatment Program operating within jail facilities. The housing of mentally ill inmates may therefore differ from jail to jail.

- **25 out of 64** reporting jails have Mental Health Units or bed areas separate from the General Population. Of these 25 jails, there are **76** beds for Females and **394** beds for Males.
- Jails reported that **1,380** additional beds would be needed to house all inmates with non-acute mental illness in mental health beds or units.
- Of the **4,278** known mentally ill inmates, **550** were housed in isolation. **18.91%** of mentally ill inmates housed in isolated or segregated cells were in jails without a Mental Health Unit.
- **17** jails have noted that they would consider hosting a state-funded Mental Health Residential Treatment Program.

A total of **55** inmates were housed in jails more than 48 hours, following the issuance of a court order to a state hospital for psychiatric commitment (Temporary Detention Orders), during the month of July, 2009.

Mental Health Treatment Services Provided

Mental health treatment services offered, as well as the providers of those services, may differ from jail to jail. Some jails may have a full time psychiatrist or general practice physician (MD) to attend to mental health needs and dispense psychotropic meds, other jails may contract with an outside psychiatrist/general practice physician (MD) to provide services on certain days of each month, etc. Nursing staff may also provide mental health treatment.

Treatment Hours & Providers

As illustrated in Figures 5 & 6, Community Services Boards (CSB) provide a large portion of mental health treatment in jails. The Virginia Code requires that every locality form their own, or partner with other localities to form, a Community Service Board (CSB). The purpose of the Community Service Boards is to facilitate community-based mental health and substance abuse services to citizens, as funding allows. CSB's are licensed by DBHDS and work closely with courts, jails, and human service agencies.

The information provided below is for the month of July 2009.

- A total of **15,408** treatment hours were provided in **57** of **64** jails.
- Average treatment hours per jail were **200**.

Figure 5: Hours of Treatment Provided

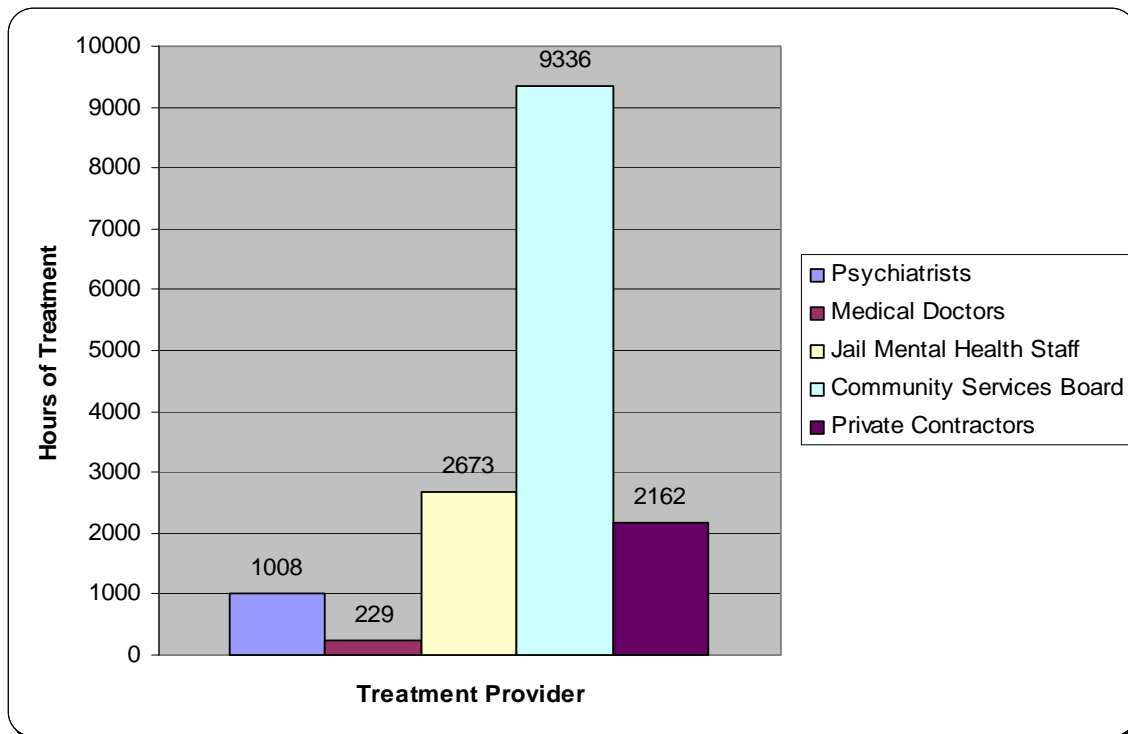

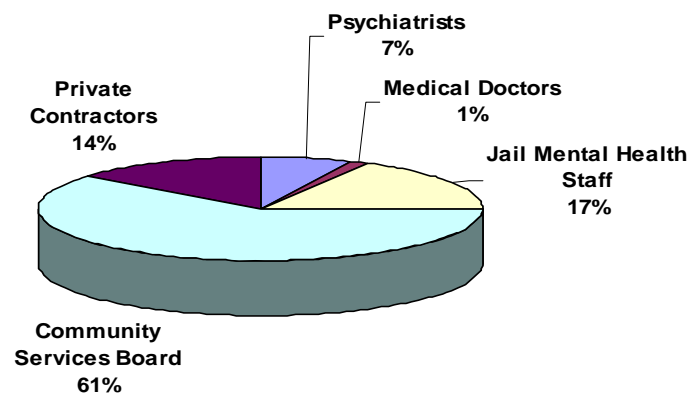

Figure 6: Providers of Treatment

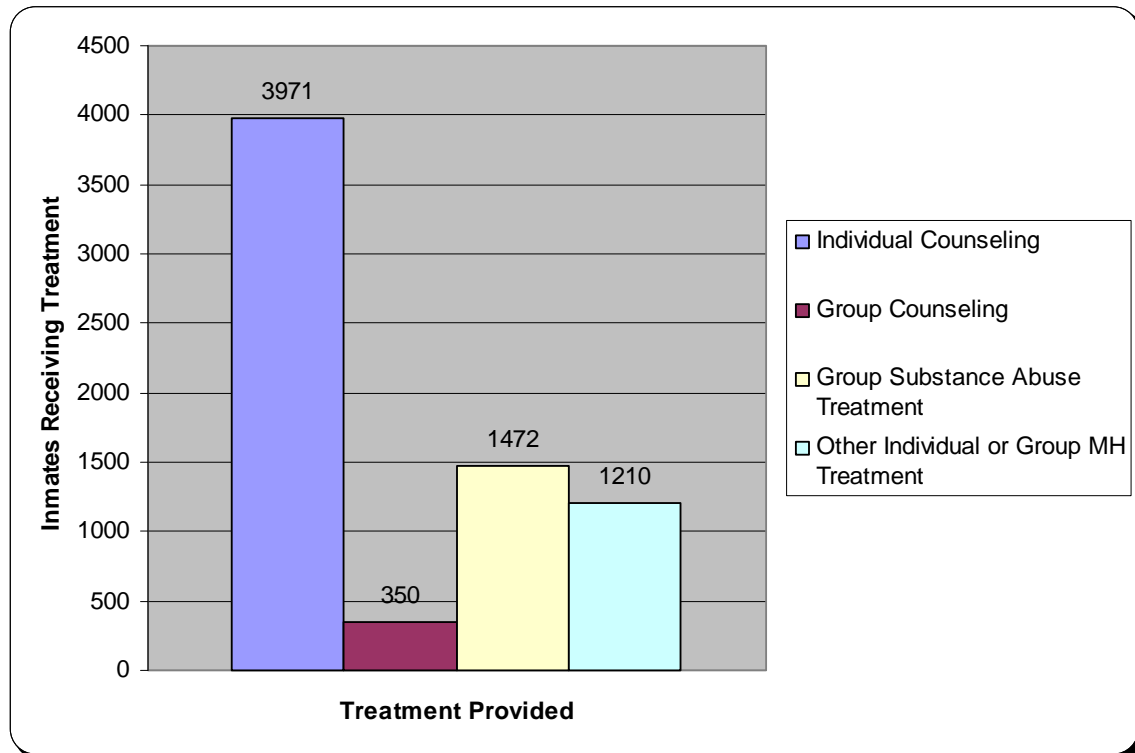

Treatment Services

The following charts represent types of treatments received by inmates during the month of July, 2009. An inmate may have received more than one type of treatment. Treatment may be provided by any of the entities referenced in Figure 6.

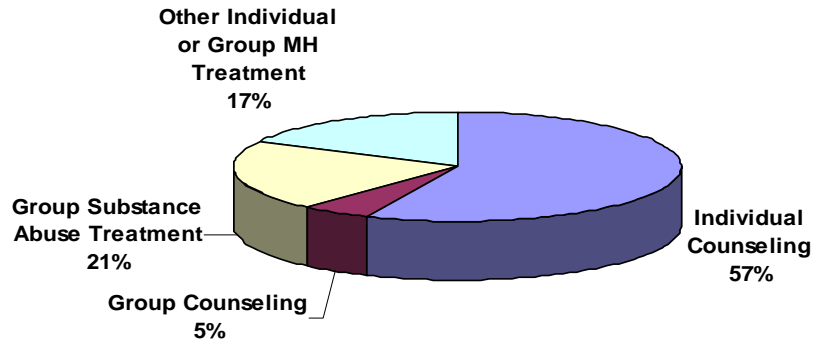

14 out of the **64** reporting jails did not provide data on the type of treatment provided in their facility. Therefore, the data presented is gleaned from the **50** jails that provided responses to this question. All numbers reflected in Figure 7 and 8 are from an ADP of **22,205**.

Figure 7: Type of Treatment Provided

Not all facilities provide all of the above services

Figure 8: Type of Service Percentage

Note: Alleghany Regional Jail, Charlotte County Jail, Gloucester County Jail, Loudoun County Jail, Piedmont Regional Jail, Patrick County Jail, Rappahannock County Jail, Southampton County Jail, VA Peninsula Regional Jail, Peumansend Creek Regional Jail, Bristol City Jail, Norfolk City Jail, Petersburg City Jail, Portsmouth City Jail did not submit responses to the survey question regarding type of treatment.

Medication

Some, although not all, inmates with mental illness require the assistance of psychotropic medications. Psychotropic refers to mood altering drugs which affect mental activity, behavior, or perception. Many times these medications are provided and dispensed by the jail. However, as noted in the survey, there are certain medications that some jails do not provide. In certain cases an inmates' medication may be delivered to the jail by a 3rd party, such as a physician treating the offender pre-incarceration, or a family member authorized by the jail to bring the necessarily prescribed medication.

Out of the **64** reporting jails, **6** jails did not report on medications dispensed.

Psychotropic medications are broken down into 4 categories: Antipsychotic, Mood Stabilizer/Anticonvulsant, Antidepressant and Antianxiety.

- Antipsychotic medications include drugs such as: Haldol, Zyprexa, Risperdal, Seroquel, Trilafon, Prilixin, Thorazine, Abilify, Geodon, Clozaril
- Mood Stabilizer/Anticonvulsant medications include drugs such as: Depakote, Lithium, Tegretal, Topamax, and Trileptal
- Antidepressant medications include drugs such as: Prozac, Zoloft, Lexapro, Wellbutrin, Paxil, Elavil, Pamelor, and Desyrel
- Antianxiety medications include drugs such as: Ativan, Xanax, Librium and Valium

Data in this section is as reflected in July 2009.

- During this month there were **5,746** prescriptions for psychotropic medications being dispensed in local and regional jails. The number of medications administered may exceed the number of inmates receiving treatment, as an inmate may be taking more than one medication.
- A total of **439** jail inmates with mental illness refused psychotropic medication. This is **10.26%** of the mentally ill population.

Note: Gloucester County Jail, Piedmont Regional Jail, Prince William/Manassas Regional Jail, Southampton County, VA Peninsula Regional Jail and Peumansend Creek Regional Jail did not submit data regarding medication dispensed.

Figure 9: Number and Type of Psychotropic Medications Dispensed

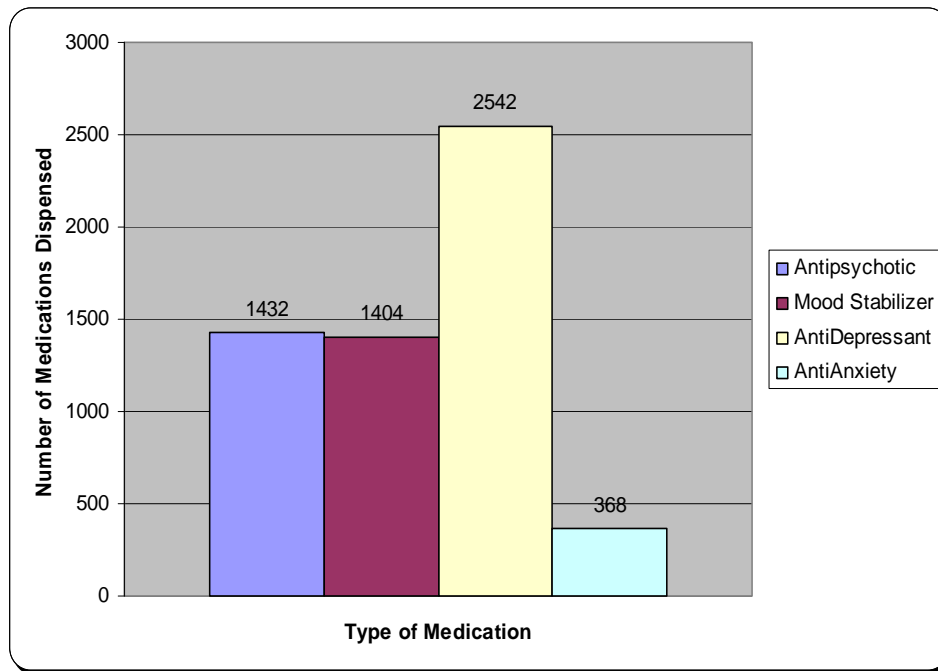

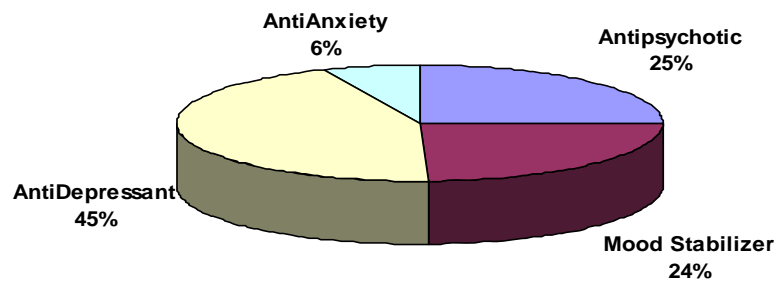

Figure 10: Psychotropic Medication Percentage by Type

Substance Abuse/Special Education

Data in this section is as reflected in July 2009.

- Of the **4,278** inmates with mental illness, **3,163** had a co-occurring substance use/abuse disorder, or about **73.94%** of the mentally ill jail population.
- **4,566** inmates without mental illness were reported to have substance use/abuse disorders, representing about **17.38%** of the jail population.
- As illustrated earlier in Figure 8, **21.02%** of all inmates receiving jail provided treatment services are receiving group substance abuse treatment.

Federal regulations mandate that all correctional facilities provide access to Special Education for inmates. During the month of July, 2009, **382** inmates were receiving Special Education.

Mental Illness & Offense Type

Of the **4,278** inmates with mental illness, jails reported Most Serious Offense Type for **70.43%**, or **3,013**, of them. Of the **3,013** inmates for whom Offense Type was reported, **75.77%** had Felony Offense(s), and **24.23%** were held on Misdemeanor Offense(s).

Figure 11: Most Serious Offense Type

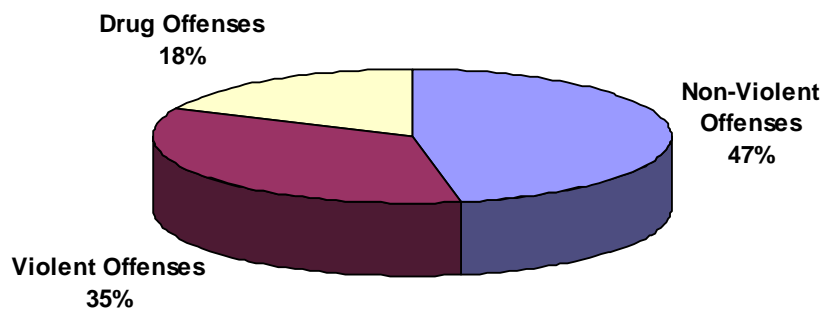

Figure 12: Mental Illness Categories & Offense Type

	Mis Non-Violent	Mis Violent	Mis Drug	Felony Non-Violent	Felony Violent	Felony Drug
Schizophrenia/Delusional	17.48%	3.96%	1.63%	28.44%	35.90%	12.59%
Bi-Polar/Major Depressive	11.29%	5.15%	2.44%	38.84%	28.09%	14.18%
Mild Depression	18.80%	1.09%	3.27%	38.96%	23.16%	14.71%
Anxiety Disorder	15.96%	4.79%	10.11%	29.79%	25.27%	14.10%
Other Mental Illness	12.89%	6.89%	6.89%	27.56%	33.56%	12.22%
Mentally Ill w/ No Diagnosis	14.79%	9.15%	9.15%	20.07%	31.69%	12.68%

Inmate Aggression

In the month of July, 2009 there were **223** documented incidents of inmate aggression (to include physical or sexual assault and/or threats of violence) toward other inmates or jail staff. Of these incidents **70** inmate perpetrators had been diagnosed as mentally ill, and **32** victims of inmate aggression had been diagnosed as mentally ill.

Jail Staff

There is an average of **133** staff members per jail, to include deputies as well as civilian personnel.

- There is an average of **4.42** hours of mental health training provided to each new jail officer/deputy prior to his/her initial assignment to the jail.
- Jail Officers are required to complete an average of **1.5** hours of annual training in mental health topics each year.
- An average of **10.52** jail officers/deputies on the jail staff have completed formal Crisis Intervention Team (CIT) training.

Treatment Expenditures

The following reflects the cost of all mental health treatment, including medications, as reported by the jails for FY09. Some jails provided estimated or pro-rated annual costs; total figures have not been audited. **15** jails did not report cost information for medications, therefore costs reported are from a mentally ill population of **3,551**. **19** jails did not report the cost of mental health services, excluding medications, therefore costs reported are from a mentally ill population of **3,593**.

- The total reported cost of all psychotropic medications administered was **\$5,520,869**.
- The total reported cost of mental health services, excluding medication but including medical doctors and nursing, was **\$7,238,322**.
- Total cost of Mental Health Treatment was estimated at approximately **\$12.7 million in FY09**, with 70% of these costs funded by the locality.

Note: Jails that did not report medication cost information are: Appomattox County Jail, Culpeper County Jail, Dinwiddie County Jail, Gloucester County Jail, Loudoun County Jail, Piedmont Regional Jail, Central VA Regional Jail, Pittsylvania County Jail, Prince William/Manassas Regional Jail, Shenandoah County Jail, Southampton County Jail, Warren County Jail, Peumansend Creek Regional Jail, Roanoke City Jail and VA Beach City Jail.

Note: Jails that did not report mental health services cost information are: Appomattox County Jail, Culpeper County Jail, Dinwiddie County Jail, Gloucester County Jail, Piedmont Regional Jail, Central VA Regional Jail, Pittsylvania County Jail, Prince William/Manassas Regional Jail, Shenandoah County Jail, Southampton County Jail, Warren County Jail, Pamunkey Regional Jail, Peumansend Creek Regional Jail, Middle River Regional Jail, Martinsville City Jail, Newport News City Jail, Petersburg City Jail and VA Beach City Jail.

Final Remarks & Future Measures

The 2008 Virginia Acts of Assembly language provides for a report to be presented in 2009. In order to provide comprehensive data regarding mental illness, including diagnoses of inmates, treatment services and expenditures, information must be collected from local and regional jails, and jail facilities and localities must have ample time to plan and prepare such data submissions to the Compensation Board.

Although Compensation Board staff posted on its website an advanced copy of the revised survey in June, 2009 for review, some jails still may not have had adequate time to prepare and track the volume of data being requested. As no further significant revisions to the survey are expected for next year, facilities have sufficient notice as to what data they will be expected to provide next year and may plan accordingly. Additionally, as survey questions stabilize, Compensation Board staff will be better able to analyze the trends of year to year responses. The Compensation Board will also be developing a report in the Local Inmate Data System (LIDS) to enable jails to more easily answer the survey questions regarding Most Serious Offense type.

As with any self-report measure, the accuracy and reliability of data collected from a survey is largely dependant upon the respondent. Although we recognize that all reporting jails strive to provide data that is as accurate as possible, not all facilities may be currently equipped to track and house information as thoroughly and easily as others. As a result, not all facilities may have been able to answer all survey questions, or in answering may have been compelled to give estimated data. Additionally, there were 15 new questions added to the survey for this year, as well as expansion of existing questions, as Compensation Board staff and DBHDS attempted to finish crafting a thorough and complete survey that encompasses, as best as possible, every aspect of mental illness in jails.

The Compensation Board, with input and assistance from DBHDS, the Virginia Sheriffs' Association and the Virginia Association of Regional Jails, and staff of the Senate Finance Committee will continue to review the survey instrument on an annual basis and make improvements and updates as needed.

Further details of data gleaned from the 2009 mental illness survey and summarized in this report, including the survey instrument developed by DBHDS and staff of the Senate Finance Committee and Compensation Board, are available in the appendices of this document.

APPENDICES

Appendix A: 2009 Virginia Local & Regional Jail Survey: Assessment and Treatment of Inmates with Mental Illness

Appendix B: Number & Diagnoses of Inmate Mental Illness in Jails

Appendix C: Hours of Mental Health Treatment Services Provided

Appendix D: Type of Mental Health Treatment Services Provided

Appendix E: Mental Health Medication Dispensed

Appendix F: Mental Health Treatment Expenditures

Appendix G: Incidents of Inmate Aggression

Appendix A:

Virginia Local and Regional Jails Survey: Assessment and Treatment of Inmates with Mental Illness

****Please do not attempt to complete this survey before August 1, 2009.****

The Virginia Sheriffs' Association and the Virginia Association of Regional Jails have reviewed this survey, and encourage their members to respond. Our goal is to provide information to the Compensation Board, the Virginia General Assembly, and the Dept. of Behavioral Health and Disability Services (DBHDS), regarding jail resource needs for appropriately identifying and managing inmates with mental illness.

Please provide the data for your jail by August 7, 2009. If LIDS queries are needed to assist in the completion of this survey please be sure your July Financials have been certified and approved. Thank you for completing this survey.

(Please be sure not to use commas in any numeric field)

Name of Jail/ADC:

Address: City: State:

Zip:

Phone:

Fax:

Email address:

Sheriff/Chief Administrator:

Name of contact person completing survey:

Phone number of contact person:

Email address for contact person:

1. The total ADP of the jail (**except federal and out-of-state contract**) for July 2009 was inmates. Of the jail's July 2009 ADP were female and were male.
2. Please indicate below the number of inmates from each category that are included in Question 1 above:
 - State responsible
 - Local responsible
 - Total (should match total ADP in Question 1)
3. Please indicate below the number of inmates from each category that are included in Question 1 above:
 - Pre-trial
 - Post-conviction
 - Total (should match total ADP in Question 1)
4. The number of inmates released during the month of July 2009, after staying 4 days or less was .
5. The number of inmates charged with public intoxication housed in the jail during the month of July, 2009 was .
6. Jail inmates with Mental Retardation: There were inmates with mental retardation in the jail during the month of July 2009
7. Jail inmates with Substance Use/Abuse Disorders: There were inmates with Substance Abuse Disorders only, with no identified mental illness, in the jail during the month of July 2009.

8. Special Education Jail Inmates. There were inmates receiving special education during the month of July 2009.
9. Please indicate the number of inmates with mental illness in each of the categories below. **Please count each inmate only once for this item (unduplicated counts), counting only the most serious or prominent diagnosis for that inmate. (Do not include federal or out-of-state contract inmates.)** Be sure to indicate the total number of inmate days for each category. Data on the number of inmate days is available from your LIDS Technician. Be sure to provide your LIDS Technician with the name and SSN of each inmate.

Mental Illness Category	Females in jail in July 2009	Males in jail in July 2009	Total Inmate Days
Inmates with Schizophrenia, Schizoaffective Disorder or Delusional Disorder	<input type="text"/>	<input type="text"/>	<input type="text"/>
Inmates with Bipolar Disorder or Major Depressive Disorder	<input type="text"/>	<input type="text"/>	<input type="text"/>
Inmates with Dysthymic Disorder (mild depression)	<input type="text"/>	<input type="text"/>	<input type="text"/>
Inmates with Anxiety Disorder	<input type="text"/>	<input type="text"/>	<input type="text"/>
Inmates with other mental illness diagnosis	<input type="text"/>	<input type="text"/>	<input type="text"/>
Inmates believed by history, behavior or other indicators to be mentally ill, for whom no clinical diagnosis is available	<input type="text"/>	<input type="text"/>	<input type="text"/>
Total number of inmates with a mental illness in this jail during the month of July 2009	<input type="text"/>	<input type="text"/>	<input type="text"/>

10. Please indicate the offense type of the mentally ill inmates in each category. Report the inmates' offense type using their **most serious offense**.

Mental Illness Category	Misdemeanor Nonviolent	Misdemeanor Violent	Misdemeanor Drug	Felony Nonviolent	Felony Violent	Felony Drug
Inmates with Schizophrenia, Schizoaffective Disorder or Delusional Disorder	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Total number of inmates with a mental illness in this jail during the month of July 2009	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

11. During the month of July 2009, there were a total of inmates with co-occurring mental illness and substance abuse disorder in the jail.
12. A total of jail inmates with mental illness were housed in medical isolation cells, or other segregation cells in the jail during the month of July 2009 and spent a total of days in isolation/segregation.
13. Does your jail have one or more mental health housing units or bed areas that are physically separated from the general population?

- Yes, the jail has mental health housing or bed area(s) that is/are physically separated from the general population.
 - No, the jail does not have a mental health housing or bed area that is physically separated from the general population.
14. If your jail has a mental health unit or bed area, indicate the number of mental health treatment beds in that area:
- Total beds for male inmates with mental illness
 - Total beds for female inmates with mental illness
 - N/A
15. A total of additional mental health beds would have been needed at this jail during the month of July 2009, to house all inmates with mental illness in mental health beds or units. **(This number should include all inmates identified in Question 12).**
16. Does your jail conduct a mental health screening upon admission for some or all inmates?
(Check the item that applies to your jail.)
- All new admissions are screened for mental illness.
 - Some new admissions are screened for mental illness.
- (Estimated percentage of inmates screened) %
- No, our jail does not screen for mental illness on admission.
17. Jail mental health screenings are conducted by:
- Jail Officers
 - Jail MH Staff
 - Other MH professional
18. Does the jail use a standardized mental health screening measure with all inmates?
- Yes, the jail uses a standardized mental health screening measure with all inmates
 - No, the jail does not use a standardized mental health screening measure with all inmates
19. If so, what is the screening measure used?
- Brief Jail MH Screen
 - Jail Admission Screening Assessment Test (JASAT)
 - Other standardized jail MH screening measure:
- Name of Measure:
20. Indicate whether or not inmates suspected of having a mental illness receive a comprehensive mental health assessment, following screening, or when needed. (check one)
- All inmates with a positive screening are referred for comprehensive assessment.
 - Comprehensive assessments are only conducted when inmates have acute symptoms of mental illness.
 - Comprehensive assessments are not conducted at this facility.
21. Comprehensive mental health assessments of jail inmates are conducted by: (please mark all that apply.)
- Jail licensed MH/medical staff
 - Private, contract MDs or other MH professionals
 - CSB staff
22. A total of inmates remained housed at this jail for more than 48 hours, following the issuance of a court order to a state hospital for psychiatric commitment (Temporary Detention Orders) during the month of July 2009.

23. Please indicate the CSB/BHA that provides MH prescreening services for psychiatric commitment (Temporary Detention Orders) for this jail.

- ☐ The CSB/BHA that serves the county/city where our jail is located provides prescreening services for jail inmates. Name of CSB/BHA:
- ☐ Both the CSB/BHA that serves the county/city where our jail is located and other CSB's in the region that is served by our jail provide MH prescreening for psychiatric commitment

24. CSB prescreenings for psychiatric commitment (Temporary Detention Orders) for this jail are done via video:

- ☐ Always
- ☐ Sometimes
- ☐ Never

25. If your jail has a consulting psychiatrist (MD), indicate the number of hours of psychiatrist consultation time provided at your jail, during the month of July 2009. A total of hours of psychiatrist time were provided during the month of July 2009.

If your jail has a consulting psychiatrist (MD) please provide their name, even if no services were provided during the month of July.

Psychiatrist's name(s) or group
name

26. If the jail has a general practice MD, please enter the total number of hours of that MD's time devoted to the provision of mental health treatment (medication prescribing and monitoring) for the month of July 2009. A total of hours of general MD time were devoted to mental health treatment during the month of July 2009.

If your jail has a general practice (MD) please provide their name, even if no services were provided during the month of July.

General Practice MD's name or group name

27. What percentage of your jail's MD consultations are provided by a remote video (MD) consultant:

- ☐ The jail does not use remote video MD services for mental health assessments and/or treatment.
- ☐ The jail uses remote video MD services for less than 50% of mental health assessments and/or treatment
- ☐ Yes, the jail uses remote video MD services for more than 50% of mental health assessments and/or treatment.

28. If the jail uses remote video MD services for mental health assessment/treatment, does the remote video MD service provide any follow up case management or release planning services for your jail?

- The jail's remote video MD mental health service does not participate in discharge planning.
- The jail's remote video MD mental health service works with the CSB for discharge planning
- The jail's remote video MD has staff on site that provides discharge planning

29. Jail Medication Formulary: Section 53.1-126 of the *Code of Virginia* requires that sheriffs and regional jail superintendents "...purchase at prices as low as reasonably possible all foodstuffs... and medicine as may be necessary" for the care of the inmates in their jails. Do you feel that your jail's purchase of psychotropic medication is limited by Section 53.1-126?

- Yes; the jail's purchase of psychotropic medication is limited by the provisions of Section 53.1-126 of the *Code of Virginia*.
- No; the jail's purchase of psychotropic medication has not been limited by the provisions of Section 53.1-126 of the *Code of Virginia*.

30. The jail's formulary is set by:

- a. Contract general medical services provider (Name of contractor providing medication)

- b. Special contract with local or national pharmacy (Name of local or national pharmacy)

31. List the numbers of inmates who received each type of psychotropic medication treatment at your jail during the month of July 2009:

If an inmate received medication from more than one category, please count that inmate in each relevant category. Some inmates receive treatment with more than one type of medication; the number of medications administered in July may exceed the number of inmates receiving treatment.

Please count an inmate for each type of antipsychotic or mood stabilizer medication he or she receives, and count only once for all types of antidepressant or antianxiety medication, even if the inmate received more than one type of antidepressant or antianxiety medication.

Medication Categories	Total number of Jail Inmates receiving each medication for treatment of mental illness			
I. Antipsychotic medications	Total number of inmates treated with each brand or type of medication	Please place an X in this column if the jail does not provide this medication		
Haldol/haloperidol,	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Zyprexa/olanzapine,	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Risperdal/risperidone	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Seroquel/quetiapine	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Triliafon/perphenazine,	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Prolixin/fluphenazine,	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Thorazine/chlorpromazine	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Abilify/aripiprazole	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Geodon/ziprasidone	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Clozaril/clozapine	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Other antipsychotic medication(s)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

II. Mood Stabilizer/Anticonvulsant medications for major Mood Disorder	Total number of inmates treated with each medication brand/type	Please place an X in this column if the jail does not provide this medication
Depakote/Depakene/valproic acid	<input type="text"/>	<input type="checkbox"/>
Lithobid/lithium carbonate	<input type="text"/>	<input type="checkbox"/>
Tegretal/carbamazepine	<input type="text"/>	<input type="checkbox"/>
Topamax/topiramate	<input type="text"/>	<input type="checkbox"/>
Trileptal/	<input type="text"/>	<input type="checkbox"/>
Other mood disorder medication(s)	<input type="text"/>	<input type="checkbox"/>
III. Antidepressant medications	Total number of inmates treated with this category of medication	Please place an X in this column if the jail does not provide this medication
(Examples: Prozac/fluoxetine, Zoloft/sertraline, Lexapro, escitalopram, Wellbutrin/bupropion, Paxil/paroxetine, Elavil, amitriptyline, Pamelor/nortriptyline, Desyrel/trazodone, etc.)	<input type="text"/>	<input type="checkbox"/>
IV. Antianxiety medications		
(Examples: Ativan/lorazepam, Xanax/alprazolam, Librium/chlordiazepoxide, Valium/diazepam, etc.)	<input type="text"/>	<input type="checkbox"/>

32. A total of jail inmates with mental illness refused needed psychotropic medication treatment during the month of July 2009.

Questions 33 through 35 should be answered using data from the entire Fiscal Year 2009

33. **Total cost for all psychotropic medications administered at your jail during Fiscal Year 2009:**

\$

(Check one: ☒ estimated cost; ☐ actual, prorated cost)

34. **Total cost for all mental health services (excluding medications, but including MDs and nursing) provided by the jail during Fiscal Year 2009: \$**

(Check one: ☒ estimated cost; ☐ actual, prorated cost)

35. Indicate the amount of **funding from each of the sources below** for the amounts listed in questions 33 and 34:

☐ Commonwealth of Virginia (state) Funds: \$

☐ Federal funds: \$

☐ Local funds: \$

☐ Other funds: \$

☐ Total funds: \$ **(Should equal the sum of questions 33 & 34)**

(Check one: ☒ funding sources are estimated ☐ funding sources are actual)

36. Does, or would the jail dispense psychotropic medications provided free of charge by the CSBs or the DBHDS, when the jail's MD has approved the medication for a particular inmate?

- ☐ Yes we currently accept such medications, under the proper circumstances
- ☐ Yes, we would accept such medications under the proper circumstances
- ☐ No, we do not currently accept such medications

- ☐ No, we would not consider accepting such medications

37. Indicate the numbers of inmates who received each of the following types of mental health treatment delivered by all mental health services providers, for the month of July 2009.

Treatment Category	Number Treated	Hours of Treatment Provided
Individual counseling	<input type="text"/>	<input type="text"/>
Group mental health counseling	<input type="text"/>	<input type="text"/>
Group Substance Abuse treatment	<input type="text"/>	<input type="text"/>
Other types of individual or group mental health treatment	<input type="text"/>	<input type="text"/>

38. Please indicate the total number of **hours of mental health treatment** provided by each of the following entities during the **month of July 2009**; please **include nursing staff time**, but **do not include the hours of treatment provided by psychiatrists or other MDs in this section**:

Treatment Provider	Number of Treatment Hours
Jail mental health treatment staff	<input type="text"/>
Community Services Board (CSB/BHA) staff (Please include CSB staff assigned full-time to the jail.)	<input type="text"/>
Private contractors, including jail medical contractor (e.g., PHS, CMS)	<input type="text"/>
Total number of hours of individual or group mental health counseling provided to inmates at your jail for the month of July 2009	<input type="text"/>

39. Please indicate if your jail/locality would consider hosting a state-funded Mental Health Residential Treatment Program

- ☐ Yes, would consider housing a MH Residential Treatment program in the jail or jail complex.
- ☐ No, would not support housing a MH Residential Treatment program in the jail or jail complex.

40. Please indicate the number of documented incidents of inmate aggression, (to include physical or sexual assault and/or threats of violence). There were documented incidents of inmate aggression toward other inmates or jail staff during the month of July 2009. Of these incidents inmate perpetrators had been diagnosed as mentally ill, and victims of inmate aggression had been diagnosed as mentally ill.

41. Please indicate the mental health data source used by your jail for responding to this survey. (Please mark all that apply).

- ☐ Mental Health Module of Jail Management System
- ☐ Other Mental Health Management System
- ☐ Access/Excel Database
- ☐ Paper Forms
- ☐ Other

Additional Comments

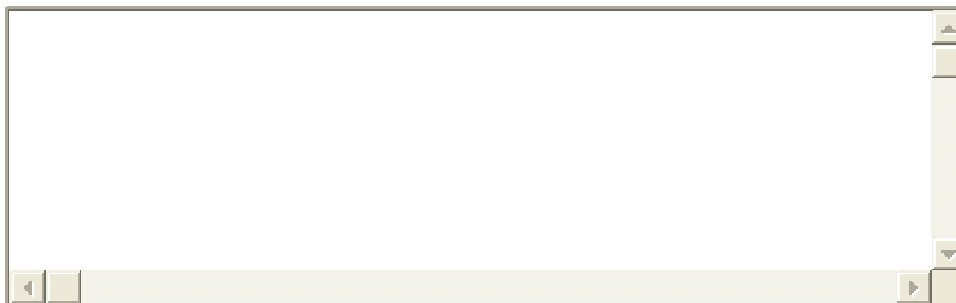

42. Please enter the name of the jail's electronic inmate management system

43. Does the jail's electronic inmate management system include MH screening items?

- ☐ Yes
- ☐ No

44. Does the jail's electronic inmate management system include inmate psychiatric diagnoses?
- ☐ Yes
 - ☐ No
45. Please indicate who is responsible for maintaining mental health data, including but not limited to data used to respond to this survey. (Please mark all that apply).
- ☐ Jail licensed MH/medical staff
 - ☐ CSB staff
 - ☐ Private, contract MDs or other MH professionals
 - ☐ Jail Officers
46. The total number of staff employed at this jail is .
47. A total of hours of mental health training is provided to each new jail officer/deputy, prior to his/her initial assignment to the jail.
48. Jail Officers/Deputies are required to complete hours of annual training in mental health topics each year.
49. A total of officers/deputies on the jail staff have completed formal Crisis Intervention Team (CIT) training.

Comments: Please include any remarks you wish regarding the management of inmates with mental illness in your jail

If you have any questions about this survey, please phone Jamilah Scott at 804-786-8548 (DBHDS Forensic Services) or Kari Bullock at 804-371-4299 (SCB) or email kari.bullock@scb.virginia.gov. If you should experience any technical difficulties, please contact Anne Wilmoth at 804-225-3307(SCB) or email anne.wilmoth@scb.virginia.gov.

Thank you for your participation in this important work.

ADP: Average Daily Population of the jail. This information may be obtained from the LIDS Technician.

BHA: Behavioral Health Authority

CSB: Community Services Board

DBHDS: Department of Behavioral Health and Disability Services

MH: Mental Health

Most Serious Offense: Question 10 asks that you report an inmates offense type using their most serious offense. Offense severity should be ranked as follows: Felony-Violent, Felony-Drug, Felony-Nonviolent, Misdemeanor-Violent, Misdemeanor-Drug, Misdemeanor-Nonviolent

Special Education Inmates: The Federal Government requires jails to provide Special Education to inmates in need of i
