Executive Summary

The 1994 General Assembly appropriated \$1,510,389 to the Compensation Board to provide for a Master Deputy/Jail Officer pay grade. The General Assembly directed the Compensation Board, with assistance from the Department of Criminal Justice Services, to develop minimum criteria for deputy/jail officer's career development plans which included the selection process, minimum length of service, job performance, vehicle safety, firearms proficiency, formal education and any other criteria deemed relevant by the Compensation Board.

The Compensation Board organized a committee consisting of eight sheriffs, a regional jail superintendent, and the Section Chief for Training and Development, Department of Criminal Justice Services. The committee reviewed career development plans in effect in sheriffs' offices, regional jails, police departments and the Virginia State Police, and considered other information available regarding such plans. Input was also received from the House Appropriations Committee and Senate Finance Committee staff.

Throughout the drafting process, legitimate concerns were raised and resolved to the satisfaction of committee members. The minimum criteria submitted by the committee were approved as recommended by the Compensation Board on September 28, 1994.

As directed by language in paragraph P, Item 624, Chapter 966, the minimum criteria established by the Compensation Board for career development plans includes the following criteria:

- The Superintendent must establish a Career Development Board.
- The Superintendent makes the final decision regarding selection of jail officers.
- The jail officer must have three years minimum service in the regional jail.
- Job performance is a criteria for competitive selection; evaluation for the past two years must be above average, and the jail officer must have no serious disciplinary actions in the previous two years.
- The jail officer must have no more than one preventable vehicle accident within the past three years.
- The jail officer must qualify with a department approved firearm with an above average score.
- The jail officer must complete specialized training in addition to the minimum required by law or regulation.
- The regional jail must have an employee performance evaluation plan in effect which meets the Compensation Board's criteria for such plans.

The Compensation Board believes that the adoption of Career Development Plans by Regional Jails, in conjunction with an employee evaluation plan, will improve the professionalism in these offices; reduce vehicle accidents, disciplinary actions and employee turnover.

Study Definition And Participants

In defining the scope of the study, the Compensation Board determined that certain differences between sheriffs' offices and regional jails necessitated separate but related plans. The Compensation Board also developed and approved the procedure by which sheriffs and regional jails could certify their participation in a career development plan which met the Compensation Board's minimum criteria. Further, the Compensation Board requested the Department of Criminal Justice Services (DCJS) to develop a model plan for use by sheriffs' offices and regional jails.

Bruce W. Haynes, Executive Secretary, Compensation Board
James W. Matthews, Assistant Executive Secretary, Compensation Board

Appendix 2: Master Jail Officer Audit Program

Policy: It is the policy of the Compensation Board to selectively audit Regional Jails participating in the Master Jail Officer Program.

Purpose: The purpose of this policy is to insure that the intent of the Master Jail Officer Program, as authorized by paragraph P, Item 624, Chapter 966, 1994 Acts of Assembly and adopted by the Compensation Board on November 15, 1994, is being met by all Superintendents who certify their compliance with the provisions of the plan.

Procedure:

A. On or before July 1 of each year, the Compensation Board shall request the President of the Virginia Sheriffs' Association (VSA) and the Virginia Association of Regional Jails (VARJ) to appoint 3-5 Sheriffs and 1-2 Regional Jail Superintendents who have adopted and are funded for the Master Deputy/Jail Officer Program (MD/JOP) to serve as the MD/JOP Audit Committee.

B. On or before October 1 of each year, the Compensation Board shall randomly select Regional Jails to be audited.

C. Upon selection, the Compensation Board will notify the Regional Jails by fax and email that they have seven workdays to provide the following information in a sealed package to the Compensation Board:

- A copy of their MJOP
- A letter to the Compensation Board Chairman certifying that the named jail officers' total years of service in the Regional Jail, that the named jail officers have had no more than one preventable vehicle accident in the past 3 years, and that the deputy did not have more than one written reprimand within the past two years immediately preceding application for selection.
- A copy of the named jail officers' most recent firearm qualification record and score. If the firearm qualification test used a pass/fail scoring system, the Superintendent shall by letter advise the audit committee that he/she has reviewed the scoring results and that the score would be 80 or above on a numerical scoring system.
- A copy of All training records for the two year retention or selection period which shows all training records and clearly show which training is considered specialized and exceeds the 40 hours of specialized training taken by the jail officer which exceeded minimum DCJS training requirements.
- A copy of the named jail officers' two most recent written performance evaluations. If the evaluation instrument used by the Superintendent does not clearly identify the overall score as "above average", the Superintendent must inform the Audit Committee by letter that he/she considers the performance of the jail officer to be above average on both evaluations.
- For any jail officer selected after July 1, 2006, a copy of training records for the 24 months preceding selection which clearly show the 40 hours of specialized training taken by the jail officer which exceeded the minimum DCJS training requirements.

D. The information requested in paragraph C above must be received at the Compensation Board within seven workdays after notification in a sealed package. Failure to provide the

information will result in the termination of the Regional Jail's participation in the MJOP.

E. The Compensation Board shall convene the MDP/MJOP Audit Committee at a reasonable time after receipt of audit materials. The Committee will meet, open the materials provided and conduct an audit. (Any member selected for audit will abstain from participating.) The Committee will recommend such action, as it deems appropriate to the Compensation Board.

F. The Compensation Board will hear such recommendations as the MDP/MJOP Audit Committee may wish to make and take such action as it deems appropriate based upon the facts provided.

G. Any office which has a Master Deputy who is found to have failed the Master Deputy Program audit requirements and is therefore removed from the program will be subject to an audit in the subsequent year of another deputy or officer.

Effective Date: This policy and procedures are effective May 25, 2005 and shall remain in effect unless further amended by the Compensation Board. This policy and procedures are hereby made a part of the Compensation Board's Minimum Criteria for MDP's in Sheriffs' offices and for MJOP's in Regional Jails.
