FY 2006 JAIL COST REPORT

**ANNUAL JAIL REVENUES AND
EXPENDITURES REPORT (INCLUDING
CANTEEN & OTHER AUXILIARY FUNDS)**

November 1, 2007

PREFACE

The Compensation Board is pleased to present the ninth annual Jail Cost Report in accordance with the provisions of Chapter 3, Item 66.L. of the 2006 Virginia Acts of Assembly. The report presents known expenditures and revenues related to Virginia's operating jails and jail farms. The report also includes a brief profile of each facility and its operating environment. As directed by the General Assembly, we have reported on inmate canteen and other auxiliary inmate accounts activity. The financial information and statements presented in the report for each jail is certified for accuracy by the respective Sheriff/Regional Jail Superintendent and Chief Financial Officer/Chairman.

There is a wide range of inmate costs per day throughout the state. Some of the factors that contribute to this variation may include jail size, age, capacity utilization, inmate programs and management practices. This year's report shows that approximately 60% of daily costs are attributable to personal services. For each facility we note whether the locality supplements the Compensation Board's salaries for jail personnel and whether the locality supplied additional positions for the jail. This year we added the number of Compensation Board funded positions for each jail to the profile section.

The Commonwealth's percentage of funding paid to Virginia's jails increased to 46.3% in FY 2006, up slightly from 45.6% in FY 2005. The localities' funding percent was 43.0%, unchanged from FY 2005.

The report shows that \$44.9 million of federal funding was provided to Virginia's jails. Federal funding accounted for 6.5% of all funding provided to Virginia's jails in FY 2006, compared to 7.2% in FY 2005. In addition, recoveries from Virginia's jails for housing federal inmates decreased \$0.4 million to \$8.5 million in FY 2006.

Funding from "Other" sources contributed the smallest percentage, accounting for 5.4% of all FY 2006 funding provided to Virginia's jails, compared to 5.9% in FY 2005.

Compensation Board staff would like to express their appreciation for the cooperation they received from Sheriffs, Regional Jail Superintendents and Finance/Budget staffs in Virginia's cities and counties in compiling the data for this report.

Questions or comments regarding this report should be directed to Wade A. Jewell, Assistant Executive Secretary for the Compensation Board, at (804) 225-3414 or via e-mail at wade.jewell@scb.virginia.gov.

INTRODUCTION

The FY 2006 Jail Cost Report is a compilation of revenue and expenditure data presented to show inmate cost per day and the percent of funding that the Commonwealth, federal and local governments, and other sources contribute to the operation of each jail. Debt service paid by the locality is also detailed as a separate item.

The 2006 Virginia Acts of Assembly, Item 66.L. requires accounting for all inmate monies and the reporting thereof. Reported inmate monies include canteen, medical co-payments, telephone commissions, investment/interest and other inmate collections/work release revenues and expenditures.

During FY 2007, fifty (50) local and regional jails and jail farms were able to send their FY 2006 information through the mail or electronically. Between December 2006 and May 2007 Compensation Board staff conducted sixteen (16) on-site visits of local and regional jails for the collection/verification of their respective data. As detailed on page 6 of this report, two (2) local jails were closed and were merged into two regional jails this year. One regional jail's data is *not* included, as it did not operate for the full fiscal year.

Once Compensation Board staff determined that all revenues and expenses had been reported according to the Jail Cost Report specifications, the respective Sheriff/Regional Jail Superintendent and Chairman/Chief Financial Officer signed a certification attesting to the accuracy of the data presented (Appendix G).

FY 2006 EXECUTIVE SUMMARY

Total Operating Costs

The FY 2006 average operating cost per inmate per day increased to \$60.69, up \$2.01 from FY 2005. Jail operating costs per inmate day ranged from a low of \$31.56 at the Piedmont Regional Jail to a high of \$135.95 at the Rappahannock County Jail.

The average daily population (ADP) for all jails increased by 7.5% in FY 2006 to 26,786. About one-half of the increase was due to the reporting of the Southwest Virginia Regional Jail activity (opened in late FY 2005). During FY 2006, 9.9 million inmate responsible days were incurred by Virginia jails.

Total expenditures (including capital costs) reported to house inmates in local and regional jails and jail farms in FY 2006 were \$696.3 million. The Compensation Board provided funding of \$280.3 million, with other state agencies providing an additional \$41.9 million, primarily for capital costs. Virginia's localities contributed \$299 million to their jails and jail farms (including debt service obligations) and an additional \$8.9 million to house inmates at other jurisdictions. The federal government provided funding of \$44.9 million. Other funding, such as inmate telephone commissions, medical co-payments, and investment income/earned interest, contributed \$20.8 million. Work release funds generated by the inmates provided \$7.6 million. Funding received for out of state inmates totaled only \$32,947. For FY 2006, the nineteen regional jails showed a net excess of revenues over expenditures of \$7.3 million, or \$1.73 per inmate day.

The Commonwealth's share of total expenditures was 46.3%, an increase of 0.7% from FY 2005. The Commonwealth's share of total expenditures ranged from a low of 18.1% for the Loudoun County Jail to a high of 94.7% for the Charlotte County Jail.

Average operating costs per inmate day for the Northern region of Virginia were the highest at \$93.20. The other regions of the state incurred costs substantially lower. The Central region was the next highest at \$54.10, followed by the Eastern region at \$52.63 and the Western region at \$49.12.

The locality's share of total expenditures ranged from a low of -\$0- for the Charlotte County Jail to a high of 79.9% for the Loudoun County Jail. In fact, Charlotte County realized in FY 2006 a \$176,000 excess of revenues over expenditures, or 14.8% of costs. The average locality's share was 43%.

Total Operating Revenues

Commonwealth funding in FY2006 for jail expansion totaled \$41.1 million. The Southwest Virginia Regional Jail received the bulk of the funding at \$38.7 million. The Arlington County Jail receiving \$1.8 million, followed with the Chesapeake City Jail accounting for the remaining \$.6 million.

FY 2006 Executive Summary, continued

Total Operating Revenues, continued

Fifty-three jails received federal and / or "out of state" revenue totaling \$44.9 million. Federal revenues accounted for more than 10% of the total expenditures at ten (10) jails. The Central Virginia, Piedmont and Northern Neck Regional Jails each received funding in excess of 60% of their expenditures from federal sources. The average federal inmate revenue per day received by all Virginia jails was \$55.69. The Commonwealth's overhead recovery program returned \$8.5 million to the general fund, a decrease of \$.4 million versus last year.

Sheriff Operated Jail Costs

During FY 2006 the 45 "local" jails incurred 5.6 million inmate responsible days, or 56.4% of the total for all Jails. Federal/Out of State inmate days accounted for 3.2% of the local jails' total. Operating costs per day for housing inmates in Sheriff run jails was \$66.28 (FY 2005 \$62.81) and total costs were \$70.69, or \$.28 per day higher than the average of \$70.41 for all jails. On average, the localities funded their jail's expenditures by 49.4%, compared to the state average locality jail funding of 43.1%.

Regional Jail Costs

Regional jail's operating costs were \$53.20, or \$7.49 lower per day than the state's average of \$60.69. These jails tend to be the newest in the state and are designed with additional capacity for future population growth. When debt service and long-term capital costs are included, the regional jails' total costs were \$0.20 per inmate day lower than the state average (\$70.21 per inmate day compared to \$70.41). Regional jails were responsible for 42.5% of the state's total inmate responsible days. Regional jails held 75% of the federal and out of state inmate population. With an ADP of 1,426 federal inmates, these facilities received \$27.4 million of federal / out of state per-diem monies, or \$52.67 per inmate day.

Jail Farm Funding

The state continues to partially fund the operation of two jail farms. Jail farms accounted for the remaining 1.1% percent of inmate responsible days. The jail farm average operating cost per inmate day was \$64.13, or \$3.44 a day higher than the state average of \$60.69. The jail farms incurred minimal capital expenditures/debt service costs during the year (\$0.22 per inmate day). As a result, total expenditures per inmate day were \$64.35. The jail farms did not hold any federal inmates nor receive any federal funding.

FY 2006 Executive Summary, continued

Additional Inmate Housing Costs Incurred At Other Localities

For localities that did not operate a jail, the City of Harrisonburg paid the highest amount (\$1.3 million) for holding inmates at other locations, followed by the County of New Kent at \$.6 million and the City of Salem at \$.6 million. For localities that operated a jail or were a member in a regional jail, Loudoun County paid the highest amount for holding inmates in other facilities (due to capacity limitations) at \$0.8 million, followed by Augusta County at \$0.7 million.

Largest Jails Percent of Total Revenues

The eleven (11) largest jail facilities, as measured by average daily population, accounted for 55% or \$176 million of the Commonwealth's total jail funding. These facilities were responsible for 49% percent of all inmate days.

Canteen Fund & Other Inmate related Accounts

Beginning with the collection of data for fiscal year 2002, a statement of revenues and expenses for inmate canteen accounts, telephone commission funds, inmate medical co-payment funds, and any other fees collected from inmates and investment/interest monies was required for inclusion in the Jail Cost Report.

During the examination of inmate canteen accounts, it was found that jails employed three different accounting approaches. They are (1) Gross Basis - costs and revenues received for the items purchased were recorded; (2) Net Basis - a net commission was received for the sale of the item purchased; and (3) Canteen not at Jail Level – the items purchased were charged directly to the inmates at cost. We found that the individual jail's operating policy had a direct impact on the related size and amount of inmate canteen activity. For instance, whether or not a jail sells tobacco products through the canteen and how often inmates are allowed to make purchases greatly affects the funds reported.

Similarly, the other inmate related accounts to include Telephone Commissions, Inmate Medical Co-payments, and Work Release and Investment/Interest revenue were recorded using different accounting approaches. Most of the jails deposited the revenues into either the inmate canteen fund or with the locality/fiscal agent's general fund. When these designated funds were maintained as separate accounts, their expenditures were reported by location in the Inmate Canteen and Other Auxiliary Funds Report found in Appendix D.

APPENDIX E

Authority for the Annual Jail Cost Report

AUTHORITY FOR THE ANNUAL JAIL COST REPORT

Chapter 3, Item 66.L, 2006 Virginia Acts Of Assembly

1. The Compensation Board shall provide the Chairmen of the Senate Finance and House Appropriations Committees and the Secretaries of Finance and Administration with an annual report, on December 1 of each year, of jail revenues and expenditures for all local and regional jails and jail farms which receive funds from the Compensation Board. Information provided to the Compensation Board is to include (beginning with the collection of data for fiscal year 2002) an audited statement of revenues and expenses for inmate canteen accounts, telephone commission funds, inmate medical co-payment funds, any other fees collected from inmates and investment/interest monies for inclusion in the report.
2. Local and regional jails and jail farms and local governments receiving funds from the Compensation Board shall, as a condition of receiving such funds, provide such information as may be required by the Compensation Board, necessary to prepare the annual jail cost report.
3. If any sheriff, superintendent, county administrator or city manager fails to send such information within five working days after the information should be forwarded, the Chairman of the Compensation Board shall notify the sheriff, superintendent, county administrator or city manager of such failure. If the information is not provided within ten working days from that date, then the Chairman shall cause the information to be prepared from the books of the city, county, or regional jail and shall certify the cost thereof to the State Comptroller. The Comptroller shall issue his warrant on the state treasury for that amount, deducting the same from any funds that may be due the sheriff or regional jail from the Commonwealth.

CHAPTER 2

AUDIT PROCEDURES

2-1 General

This chapter contains required audit procedures for local government audits made pursuant to §15.2-2511 of the Code of Virginia. Chapter 3 contains additional procedures that localities agree to have performed, when they accept state grants, contracts or other state funding. The degree of testing on these state compliance issues may depend on the terms of the state law, agreement or other requirements of the program.

Auditors should be thoroughly familiar with this chapter before planning and performing the audit and should incorporate these considerations into the auditor's plan and programs. The procedures contained in this chapter do not constitute an audit in accordance with *Government Auditing Standards*. The auditor should perform such additional procedures, as he deems necessary to satisfy those standards.

Where appropriate, the auditor must meet the requirement of the Single Audit Act Amendments of 1996 and United States Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments and Non-Profit Organization*.

No manual defining audit specifications can meet all the present and future needs of local governments or their auditors. Changes will be needed as new accounting and auditing pronouncements and/or as problems emerge. The Auditor of Public Accounts will periodically update these specifications as changes occur. However, responsibility for complying with professional standards remains with the auditor and the auditor should follow all new pronouncements.

The auditor should familiarize himself with Virginia local governments including internal control and compliance issues. Available informational resources are provided in Chapter 1.

Requirement: The auditor must document in the working papers the justification for changing specifically required audit procedures.

2-7 Inmate Canteen and Other Auxiliary Funds

(Contact: Compensation Board; Wade A. Jewell, Assistant Executive Secretary; Phone – 804.225.3414 [wade.jewell@scb.virginia.gov]).

Background Information

Most local correctional facilities, including jails, offer canteen services to their inmates. Facilities use various methods to sell these items to inmates, depending on the size of the facility and the number of times each week canteen services are offered. Any profits from the canteen operations must benefit the inmates in the custody of the Sheriff or Regional Jail Superintendent.

Some Sheriffs also receive funds from other sources directly related to jail operations. These include telephone commissions, inmate medical co-payments, work release and other fees collected from inmates.

The inmate canteen accounts and telephone commissions are public funds. The Code of Virginia requires that these funds be used within the jail facility for purposes to benefit the inmates. The funds should not be used for the sheriff's personal gain or convenience.

Some jails have established work release and medical treatment programs where inmates contribute to the costs. Inmate co-payments for medical services are a set fee that covers only a portion of the costs of the services. The medical co-payments should directly offset the costs for medical programs.

Annually the Compensation Board prepares a Jail Cost Report on jail revenue and expenditure data from all local and regional jails and jail farms that receive funds from the Compensation Board. Beginning with the collection of data for fiscal year 2002, the jails must include an audited statement of revenues and expenses for inmate canteen accounts, telephone commission funds, inmate medical co-payment funds, any other fees collected from inmates, and investment/interest monies for inclusion in the report. See additional information on the Compensation Board internet site at <http://www.scb.virginia.gov>; follow the link for Publications and Forms (Jail Canteen Funding Audit Information).

Allowability Requirement – Inmate Canteen Accounts

In accordance with Section 53.1-127.1, the inmate canteen account profits are required to be used for purposes to benefit the inmates under the jurisdiction of the Sheriff or Regional Jail Superintendent. Allowable expenses include:

- Commissary-services, supplies, furnishings, equipment, training. Also, personnel services for time spent directly guarding or working in the commissary. [Note: These are all direct costs of the canteen.]

The profits from the inmate canteen should not be used to fund the normal operations of the jail. They may be used for:

- Education-services, supplies, equipment, furnishings, training.
- Recreation-services, supplies, equipment, furnishings.
- Library-services, supplies, furnishings, equipment, books, magazines, periodicals, newspapers.

Allowability Requirement – Telephone Commissions

Commissions on inmate telephone calls preferably go directly to the local treasurer and are used to defray the cost of the jail operations. In some localities, the commissions are received directly by the Sheriff and are included in the canteen proceeds accounts. The allowable costs for telephone commissions that are received in the inmate canteen account are described above.

Allowability Requirement – Inmate Medical Co-payment Funds

The inmate medical co-payment funds should directly off set the costs for medical programs.

Allowability Requirement – Other Inmate Fees (Work Release, RAID and HEM monies) and Investment/Interest Monies

All fees collected from inmates and all interest earned on inmate accounts must be used for the benefit of the inmates or deposited with the Treasurer and used to defray the cost of jail operations.

Requirement - Inmate Canteen and other Auxiliary Funds

The auditor must obtain the Jail Canteen Fund Activity Report for the fiscal year under audit and perform the following:

- Agree the revenue and expense amounts from the Jail Canteen Fund Activity to the accounting ledger.
- Select a sample of disbursement transactions from the inmate canteen accounts. For each transaction selected, determine whether the disbursement benefited the inmates based on the allowable costs described above.
- Select a sample of inmate medical co-payment fees. Trace each fee to the general ledger to determine whether it defrayed the inmate medical program costs.
- Select a sample of other fees collected from inmates, and investment/interest monies. For each transaction selected, determine whether the disbursement benefited the inmates.
